Panel session Q&A

Change Management: *Adapting our today for a better tomorrow.*

During our panel session, we will operate with **Mentimeter** to do the Q&A and other fun stuff. If you would like to raise a question to our panelists, you may do so here using the following QR code or link.

<https://www.menti.com/alnx4zfo6ou3>

In case you're old school and want to use pen and paper (perfectly fine!) here are some tear off strips to collect your questions to our Panel on this year's theme. Please deposit them in the box provided during breaks and lunchtime.

Thank you in advance for your questions and participation.

Content Lead for PM Fair 2022, **Shirley Pullan, PhD PMP**, and

Panel Moderator PM Fair 2022, **Kamil Mroz, PMP**

What is your key takehome from this PM Fair?

Panel question:

How can PMs ride the wave of opportunity and avoid succumbing to issues created by AI?

Panel question:

Why should we do agile, and what makes it amenable (or not) to various industries?

Panel question:

As change-makers, how can we shift from process-minded change enablers to strategic thinkers and change leaders?

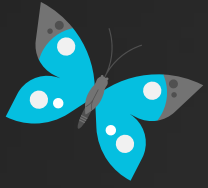

Panel question:

Should we as project managers take care of team well being?
